Abstract

PROBLEM TO BE SOLVED: To provide a wiper motor with which the inconvenience like inferior conduction can be solved by connecting conductive terminals surely between a gear case cover and a gear case.
SOLUTION: When gear case cover side conductive terminals 14, 15, 16 are fitted to motor case side conductive terminals 11, 12, 13, a guide part 10c by which the motor case side terminals 11, 12, 13 or the gear case cover side conductive terminals 14, 15, 16 can be conducted for the gear case cover side conductive terminals 14, 15, 16 or the motor case side conductive terminals 11, 12, 13 is provided.
